QUICK GLANCE

I help organizations develop & execute their technology strategy by building & leading world-class & award-winning teams. I enjoy socio-technical challenges, growing teams across multiple geographies while managing a diverse set of people, technologies & processes.

WORK EXPERIENCE

<i>Present</i> JUN 2021	VP of Engineering at ODEKO, New York <i>Tools for Local Cafés to Operate & Grow</i> Developed & executed Odeko's tech vision & strategy. Built a world-class global team of software, data, & DevOps engineers (from 13 to 65 members). Implemented hiring, productivity, & quality processes as well as people & product management processes. Responsible for positively driving tech, product, & business OKRs.
JUN 2021 AUG 2019	Sr. Director of Engineering at VIASAT, New York <i>Global Technology & Customer Success</i> Lead a cross-functional global team of 90+ engineers & product manager in charge of digital, architectural, & organizational transformations at scale.
AUG 2019 SEP 2013	Partner, Technology at WORK & CO, New York <i>Digital Product Innovation</i> Ramped up a global team from scratch of 110+ engineers, product managers, & strategists behind hundreds of digital products for companies such as APPLE, FACEBOOK, GOOGLE, TWITTER, PEPSI, PHILZ COFFEE, VIRGIN AMERICA, and DISNEY. Responsible for defining the technical strategy, vision, processes, and team culture.
AUG 2013 JAN 2013	Startup Guy at SAVALANCHE and HINTFY, Oulu, Finland <i>Digital Marketplace and Mobile Recommendation Platforms</i> Co-founded and led two startups. Acted as CTO/CEO. At HINTFY we explored solutions to improve entertainment discovery on mobile devices. At SAVALANCHE we created a platform for hundreds of media houses and thousands of merchants to establish marketplaces online.
DEC 2012 DEC 2006	Technology Strategist at DIGITALIST, Finland/Germany/China <i>R&D services for Mobile and Embedded Devices</i> Responsible for developing new products and new global markets, revamping account management processes, pioneering international expansions, and managing key projects in Asia, Europe and America - in particular for NOKIA, SAMSUNG, and ESPN. Ramped up R&D centers in Beijing and Chengdu.
NOV 2006 AUG 2005	Guest Lecturer at FIAP, São Paulo, Brazil <i>Data Modeling, Design Patterns, Object Oriented Programming</i> Received positive review from students. Rated "truly inspiring."
JUL 2006 MAR 2003	Head of Software Engineering at BDK SOLUTIONS, São Paulo, Brazil <i>Data-Driven Business Decision Tools</i> Led five development teams building data-driven business-decision tools. Responsible for managing & architecting all LATAM, multi-million, multi-year projects.
FEB 2003 JAN 1996	Managing Director at ST. PAUL'S SCHOOL, São Paulo, Brazil <i>Council of British International Schools</i> Headed over engineering, IT, accounting, financial, and legal teams. Reported to board of directors. Steered the organization at the tactical and operational level.
